					efficient operation, the Competition Director should be located with an optimal view of the competition area, close to the Event Presentation team and with satisfactory and reliable availability of technological connections and supporting monitors.			
CR18		Referees						
CR 18.3; 18.4;18.5		Reformat	18.3 The Referees for Running and Race Walking Events shall have jurisdiction to decide placings in a race only when the Judges of the disputed place(s) are unable to arrive at a decision. They shall have no jurisdiction over matters within the responsibilities of the Chief Judge of Race Walking events. The Start Referee (or if one is not appointed, the relevant Running and Race Walking Events Referee) has jurisdiction to decide on any facts related to the starts if they do not agree with the decisions made by the start team except in the cases when it regards an apparent false start indicated by a World Athletics certified Start Information System, unless for any reason the Referee determines that the information provided by the System is obviously inaccurate. The Combined Events Referee shall have jurisdiction over the conduct of the Combined Events competition and over the conduct of the respective individual	18.3 The Referees for Running and Race Walking Events shall have jurisdiction to decide placings in a race only when the Judges of the disputed place(s) are unable to arrive at a decision. They shall have no jurisdiction over matters within the responsibilities of the Chief Judge of Race Walking Events. The Start Referee (or if one is not appointed, the relevant Running and Race Walking Events Referee) has jurisdiction to decide on any facts related to the starts if they do not agree with the decisions made by the start team except in the cases when it regards an apparent false start indicated by a World Athletics certified Start Information System, unless for any reason the Referee determines that the information provided by the System is obviously inaccurate. See also Rule 8.4.1 of the Technical Rules. The Combined Events Referee shall have jurisdiction over the conduct of the Combined Events competition and over	CR18.5 is more properly a TR. The “offences” of unsporting behaviour, improper manner and no bona fide effort are not properly constituted as TRs but many words are included about the consequences. It would provide greater clarity if these provisions were re-worded and reformatted.			

			<p>events within it (except in matters related to their jurisdiction when a Start Referee is appointed and available).</p> <p>18.4 The appropriate Referee shall check all final results, shall deal with any disputed points and, in conjunction with the Chief Measurement Judge (Scientific) where appointed, shall supervise the measurements of Record performances. At the conclusion of each event, the result card shall be completed immediately, signed (or otherwise approved) by the appropriate Referee and conveyed to the Competition Secretary.</p> <p>18.5 The applicable Referee shall have authority to warn or exclude from competition, any athlete or relay team guilty of acting in an unsporting or improper manner or under Rules 6.1 Note (ii), (iii) and (iv) of the Competition Rules or Rules 6, 16.5, 17.14, 17.15.4, 25.5, 25.19, 54.7.6, 54.10.8 or 55.8.8 of the Technical Rules. Warnings may be indicated to the athlete by showing a yellow card, exclusion by showing a red card. Warnings and exclusions shall be entered on the result card and communicated to the Competition Secretary and to the other Referees. In disciplinary matters, the Call Room Referee has authority starting from the Warm-up Area up to the competition area. In all other instances, the Referee applicable to the event in which the athlete is or was competing, shall have</p>	<p>the conduct of the respective individual events within it (except in matters related to their jurisdiction when a Start Referee is appointed and available).</p> <p>18.4 The appropriate Referee shall check all final results, shall deal with any disputed points and, in conjunction with the Chief Measurement Judge (Scientific) where appointed, shall supervise the measurements of Record performances. At the conclusion of each round of an event, the result card shall be completed immediately, signed (or otherwise approved) by the appropriate Referee or the Chief Photo Finish Judge and conveyed to the Competition Secretary.</p> <p>18.5 The applicable Referee shall have authority to warn or exclude from competition, any athlete or relay team in accordance with Rule 7.1 of the Technical Rules. guilty of acting in an unsporting or improper manner or under Rules 6.1 Note (ii), (iii) and (iv) of the Competition Rules or Rules 6, 16.5, 17.14, 17.15.4, 25.5, 25.19, 54.7.6, 54.10.8 or 55.8.8 of the Technical Rules. 			<p><i>immediate action to inform the athlete or relay team or their team of their exclusion.</i></p> <p>The below key points are made to provide guidance and clarity in relation to the way in which cards are shown and recorded:</p> <p>a. Yellow and red cards can be given either for disciplinary reasons (refer mostly to Rule 18.5 of the Competition Rules and Rule 7.2 of the Technical Rules) or for technical infringements in case they are serious enough to be considered unsporting manners (e.g. a serious and clear deliberate obstruction in a race).</p> <p>b. Whilst it is normal and usually expected that a yellow card would have been given before a red card, it is envisaged that in the cases of particularly bad unsporting or improper behaviour a red card can be given immediately. It should be noted that the athlete or relay team has in any case the opportunity to appeal such a decision to the Jury of Appeal.</p> <p>c. There will be also some cases in which it is not practical or even logical for a yellow card to have been issued. For example the note to Rule 6.2 of the Technical Rules specifically allows for an immediate red card if justified in cases covered by Rule 6.3.1 of the Technical Rules such as pacing in races.</p> <p>d. A similar situation might also</p>	<p>previous yellow card, it shall, once this is known, have the same consequence as if it was given in association with a red card. The relevant Referee shall take immediate action to inform the athlete or relay team or their team of their exclusion.</p> <p>The below key points are made to provide guidance and clarity in relation to the way in which cards are shown and recorded:</p> <p>a. 			<p>follow when a Referee issues a yellow card and the athlete or relay team responds in such an inappropriate manner that it is justified to then immediately give a red card. It is not essential for there to be two completely different and distinct in time instances of inappropriate behaviour.</p> <p>e. As per Note (iii), in cases where a Referee is aware that the athlete or relay team in question has already received a yellow card during the competition and they propose to issue a red card, the Referee should first show a second yellow card and then the red card. However if a referee does not show the second yellow card, it will not invalidate the issuing of the red card.</p> <p>f. In cases where a Referee is not aware of a pre-existing yellow card, and they show only a yellow card, once this becomes known, the appropriate steps should be taken to disqualify the athlete as soon as possible. Normally, this would be done by the Referee advising the athlete directly or through their team.</p> <p>g. In cases of relay events, cards received by one or more members of the team during any round of the event shall count against the team. Therefore, if one athlete receives two cards or two different athletes receive a yellow card in any round of the particular event, the team shall be regarded as having received a red card and shall be disqualified. Cards received in relay</p>	<p>immediate red card if justified in cases covered by Rule 6.3.1 of the Technical Rules such as pacing in races.</p> <p>d. 	CR20	Umpires (Running and Race Walking Events)						
	CR20 green		Amend	<p>...</p> <p>The addition of Rule 8.4.4 of the Technical Rules is intended to standardise practice and to complement Note (ii) to Rule 20.4 of the Competition Rules - as there has been a clear difference of approach across the world.</p> <p>...</p>	<p>...</p> <p>The addition of Rule 8.4.4 of the Technical Rules is intended to standardise practice and to complement Note (ii) to Rule 20.4 of the Competition Rules - as there has been a clear difference of approach across the world.</p> <p>...</p>	Note (ii) refers to the entire Rule 20.		Editorial
	CR22	Start Coordinator, Starter and Recalls						

	CR22.1.1		Amend	22.1 The Start Coordinator shall: 22.1.1 Allocate the duties of the start team. However, in the case of competitions under paragraphs 1. (a), (b), (c) and 2. (a), (b), (c) of the World Rankings Competitions definition, the determination of which events will be assigned to the International Starter will be the responsibility of the Technical Delegates.	22.1 The Start Coordinator shall: 22.1.1 Allocate the duties of the start team. However, in the case of competitions under paragraphs 1. (a), (b), (c) and 2. (a), (b), (c) of the World Rankings Competitions definition, the determination of which events will be assigned to the International World Athletics Starter will be the responsibility of the Technical Delegates.	Due to changes in the officials' education and certification system.		Editorial
	CR25	Competition Secretary, Technical Information Centre (TIC)						
	CR25.4	52	Add, Amend	Lane infringement (Rules 17.4.3 and 17.4.4 of the Technical Rules)	Advanced to next round by draw qD Lane infringement (Rules 17.3.3 and 17.3.4 of the Technical Rules)	Qualified by draw. Reference changed.		Editorial
	CR25.5	54	Add	25.5 A Technical Information Centre (TIC) will be established for competitions held under paragraphs 1. (a), (b), (c) and 2. (a), (b), (c) of the World Rankings Competition definition, and is recommended for other competitions held over more than one day. The main function of the TIC is to ensure smooth communication between each team delegation, the organisers, the Technical Delegates and the competition administration regarding technical and other matters relating to the competition.	25.5 A Technical Information Centre (TIC) will be established for competitions held under paragraphs 1. (a), (b), (c) and 2. (a), (b), (c) of the World Rankings Competition definition, and is recommended for other competitions held over more than one day. It may be a virtual or physical operation, or a combination of both. The main function of the TIC is to ensure smooth communication between each team delegation, the organisers, the Technical Delegates and the competition administration regarding technical and other matters relating to the competition.	Add note re the Virtual TIC and revise green text.		

			<p>An effectively managed Technical Information Centre will significantly assist in the delivery of a high quality competition organisation. The TIC Manager should have excellent knowledge of the Rules and equally importantly of the specific Regulations for the particular competition. The hours of operation of the TIC should reflect the hours of the competition plus some periods of time before and after when there will need to be interaction between the various parties, particularly between the team delegations and the Organisers. It is common, although not essential, for larger events to have “branches” of the TIC (sometimes called Sport Information Desks) in the main athlete accommodation locations. If this is the case, there must be excellent communication between the SID(s) and the TIC.</p> <p>Because the hours of operation of the TIC and SID(s) may be long, it will be necessary for the TIC Manager to have several assistants and for them to work in shifts.</p> <p>Whilst some duties of the TIC are covered in the Competition Rules (see for example Rule 25 of the Competition Rules, and Rules 8.3 and 8.7 of the Technical Rules), others will be set out in the Regulations for each competition and in competition documents such as team handbooks etc.</p>	<p>An effectively managed Technical Information Centre will significantly assist in the delivery of a high quality competition organisation. 	TR7	Effect of Warnings and Disqualification						
	TR7.1-5	Amend	7. Effect of Disqualification <i>Disqualification resulting from an infringement of a Technical Rule (other than Rule 18.5 of the Competition Rules and Rule 16.5 of the Technical Rules)</i> 7.1 If an athlete is disqualified in an event for an infringement of a Technical Rule (except under Rule 18.5 of the Competition Rules or Rule 16.5 of the Technical Rules) any performance accomplished in the same round of that event up to the time of the disqualification shall not be valid. However, performances accomplished in a previous round of that event shall remain valid. Such disqualification from an event shall not prevent an athlete from taking part in any further event in that competition.	7. Effect of Warnings and Disqualification <i>Bona Fide Participation, Unsporting and Improper Conduct</i> 7.1 Athletes and relay teams shall participate in athletics competitions in a bona fide manner and shall not engage in unsporting or improper conduct. Any athlete or relay team failing to comply with this Rule may be warned or disqualified. The applicable Referee shall have authority to warn or exclude from competition, any athlete or relay team guilty of acting in an unsporting or improper manner breaches of this Rule or under Rules 6.1 Note (ii), (iii) and/or (iv) of the Competition Rules or Rules 6, 16.5, 17.14, 17.15.4, 25.5, 25.19, 54.7.6,	CR18.5 is more properly a TR. The “offences” of unsporting behaviour, improper manner and no bona fide effort are not properly constituted as TRs but many words are included about the consequences. It would provide greater clarity if these provisions were re-worded and reformatted.			

			<p><i>Disqualification resulting from exclusion under Rule 18.5 of the Competition Rules (including under Rule 16.5 of the Technical Rules)</i></p> <p>7.2 If an athlete is excluded from competition under Rule 18.5 of the Competition Rules, they shall be disqualified from that event. If the athlete's second warning occurs in a different event, they shall be disqualified only from the second event. Any performance accomplished in the same round of that event up to the time of the disqualification shall not be valid. However, performances accomplished in a previous round of that event, other previous events or previous individual events of a Combined Event shall remain valid. Such disqualification shall prevent an athlete from taking part in all further events or rounds of events (including individual events of a Combined Event, other events in which they are simultaneously participating and relays) in that competition.</p> <p>7.3 If a relay team is excluded from competition under Rule 18.5 of the Competition Rules, it shall be disqualified from that event. Performances accomplished in a previous round of that event shall remain valid. Such disqualification shall not prevent any athlete or relay from that team taking part in all further events (including individual events of a Combined Event, other</p>	<p>54.10.8 or 55.8.8 of the Technical Rules. Warnings may be indicated to the athlete by showing a yellow card, exclusion by showing a red card. Warnings and exclusions shall be entered on the result card and communicated to the Competition Secretary and to the other Referees.</p> <p>In disciplinary matters, the Call Room Referee has authority starting from the Warm-up Area up to the competition area. In all other instances, the Referee applicable to the event in which the athlete is or was competing, shall have authority.</p> <p>The applicable Referee (where practicable after consulting the Competition Director) may warn or remove any other person from the competition area (or other area related to the competition including the Warm-up Area, Call Room and coaches seating) who is acting in an unsporting or improper manner or who is providing assistance to athletes that is not permitted by the Rules.</p> <p><i>Note (i): The Referee may, where the circumstances justify it, exclude an athlete or relay team without a warning having been given. (See also Note to Rule 6.2 of the Technical Rules)</i></p> <p><i>Note (ii): The Referee for events outside the stadium shall, wherever practicable (e.g. under Rules 6, 54.10 or 55.8 of the Technical Rules), give a warning prior to disqualification. If the Referee's action is</i></p>			
--	--	--	---	---	--	--	--

			<p>events in which they are simultaneously participating and relays) in that competition.</p> <p>However, if the behaviour of one or more such individual athletes is considered serious enough, Rule 18.5 of the Competition Rules may be applied to them with the applicable consequences.</p> <p>7.4 If the offence is considered serious, the Competition Director shall report it to the relevant governing body for consideration of further disciplinary action.</p>	<p><i>contested, Rule 8 of the Technical Rules will apply.</i></p> <p><i>Note (iii): When excluding an athlete or relay team from competition under this Rule, if the Referee is aware that a yellow card has already been given, they should show a second yellow card followed immediately by a red card.</i></p> <p><i>Note (iv): If a yellow card is given and the Referee is not aware that there is a previous yellow card, it shall, once this is known, have the same consequence as if it was given in association with a red card. The relevant Referee shall take immediate action to inform the athlete or relay team or their team of their exclusion.</i></p> <p>The below key points are made to provide guidance and clarity in relation to the way in which cards are shown and recorded:</p> <p>a. Yellow and red cards can be given either for disciplinary reasons (refer mostly to Rule 18.5 of the Competition Rules and Rule 7.2 of the Technical Rules this Rule) or for certain technical infringements that are disciplinary in nature in case they are serious enough to be considered unsporting manners (e.g. a serious and clear deliberate obstruction in a race).</p> <p>b. Whilst it is normal and usually expected that a yellow card would have been given before a red card, it is envisaged that in the cases of particularly</p>			
--	--	--	---	--	--	--	--

					<p>bad unsporting or improper behaviour or failing to participate in a bona fide manner, a red card can be given immediately. It should be noted that the athlete or relay team has in any case the opportunity to appeal such a decision to the Jury of Appeal.</p> <p>c. There will be also some cases in which it is not practical or even logical for a yellow card to have been issued. For example the note to Rule 6.2 of the Technical Rules specifically allows for an immediate red card if justified in cases covered by Rule 6.3.1 of the Technical Rules such as pacing in races.</p> <p>d. A similar situation might also follow when a Referee issues a yellow card and the athlete or relay team responds in such an inappropriate manner that it is justified to then immediately give a red card. It is not essential for there to be two completely different and distinct in time instances of inappropriate behaviour.</p> <p>e. As per Note (iii), in cases where a Referee is aware that the athlete or relay team in question has already received a yellow card during the competition and they propose to issue a red card, the Referee should first show a second yellow card and then the red card. However if a Referee does not show the second yellow card, it will not invalidate the issuing of the red card.</p> <p>f. In cases where a Referee is not aware of a pre-existing yellow card, and</p>			
--	--	--	--	--	--	--	--	--

				<p>they show only a yellow card, once this becomes known, the appropriate steps should be taken to disqualify the athlete as soon as possible. Normally, this would be done by the Referee advising the athlete directly or through their team.</p> <p>g. In cases of relay events, cards received by one or more members of the team during any round of the event shall count against the team. Therefore, if one athlete receives two yellow cards or two different athletes receive a yellow card in any round of the particular event, the team shall be regarded as having received a red card and shall be disqualified. Cards received in relay events are only applicable to the team and never applicable to an individual athlete.</p> <p><i>Disqualification resulting from an infringement of a Technical Rule (other than Rule 18.5 of the Competition Rules and Rule 16.5 7.1 of the Technical Rules)</i></p> <p>7.42 If an athlete is disqualified in an event for an infringement of a Technical Rules (except under Rule 18.5 of the Competition Rules or Rule 16.5 7.1 of the Technical Rules) any performance accomplished in the same round of that event up to the time of the disqualification shall not be valid. However, performances accomplished in a previous round of that event, other previous events or previous</p>		
--	--	--	--	--	--	--

				<p>individual events of a Combined Event shall remain valid. Such disqualification from an event shall not prevent an athlete from taking part in any further event in that competition.</p> <p>Disqualification resulting from exclusion under Rule 18.5 of the Competition Rules (including under Rule 16.5 7.1 of the Technical Rules)</p> <p>7.23 If an athlete is excluded from competition under Rule 18.5-7.1 of the Competition Technical Rules, they shall be disqualified from that event. If the athlete's second warning occurs in a different event, they shall be disqualified only from the second event. Any performance accomplished in the same round of that event up to the time of the disqualification shall not be valid. However, performances accomplished in a previous round of that event, other previous events or previous individual events of a Combined Event shall remain valid. Such disqualification shall prevent an athlete from taking part in all further events or rounds of events (including individual events of a Combined Event, other events in which they are simultaneously participating and relays) in that competition.</p> <p>7.34 ¶ When a relay team is excluded from competition under Rule 18.5 7.1 of the Competition Technical Rules, it shall be disqualified from that event. Performances accomplished in a</p>		
--	--	--	--	---	--	--

					<p>previous round of that event shall remain valid. If the disqualification of the relay team was the consequence of (an) athlete(s) acting in a manner that would lead to a disqualification under Rule 7.1 if competing in an individual event, Rule 7.3 of this Rule will be applicable to such athlete(s). Otherwise, Such disqualification shall not prevent any athlete or relay from of that team taking part in all further events (including individual events of a Combined Event, other events in which they are simultaneously participating and relays) in any other event(s) in that competition.</p> <p>However, if the behaviour of one or more such individual athletes is considered serious enough, Rule 48.5 7.1 of the Competition Technical Rules may be applied to them with the applicable consequences.</p> <p>7.45 If the offence is considered serious, the Competition Director shall report it to the relevant governing body for consideration of further disciplinary action.</p> <p>Rule 7.3 shall also be applied to an athlete whose second warning in the competition incurred in the relay race, or who had a direct exclusion in the relay race that led to the disqualification of the team.</p>

			<p>In the case of Relay Races, any second step (as described in this Rule 17.4.3 and 17.4.4 of the Technical Rules) by an athlete who is a member of a team, regardless of whether committed by the same or different athletes, will result in the disqualification of the team whether it happens in the same round or in another round of the same event.</p> <p>For the ratification of records, see Rule 31.14.4 of the Competition Rules.</p> <p><i>Note: Material advantage includes improving their position by any means, including removing themselves from a “boxed” position in the race by having stepped or run inside the inside edge of the track.</i></p> <p>This Note specifically outlaws the practice of an athlete seeking to improve their position in races by moving onto the inside of the track (whether intentionally or after being pushed or jostled there by another athlete) to get out of a boxed position by running on the inside until clear. Whilst normally running on the inside of lane 1 in the straight (as distinct from doing so on the bend) would not lead to mandatory disqualification, the Referee has the power to disqualify in their discretion if this occurs and the athlete is advantaged even if the initial reason for being there was the result of being pushed or jostled. In such cases the athlete should take immediate steps to</p>	<p>Technical Rules may be made only once during all rounds of an event by a particular athlete without the disqualification of that athlete. A second infringement action will result in the disqualification of that athlete whether it was made in the same round or in another round of the same event.</p> <p>In the case of Relay Races, any second step action (as described in this Rule 17.43.3 and 17.43.4 of the Technical Rules) by an athlete who is a member of a team, regardless of whether committed made by the same or different athletes, will result in the disqualification of the team whether it happens in the same round or in another round of the same event.</p> <p>For the ratification of records, see Rule 31.14.4 of the Competition Rules.</p> <p><i>Note: Material advantage includes improving their position by any means, including removing themselves from a “boxed” position in the race by having stepped or run inside the inside edge of the track.</i></p> <p>17.4 If material advantage is gained by an athlete by improving their position by any means including under the exceptions in Rule 17.3 of the Technical Rules or by removing themselves from a “boxed” position in the race by having stepped or run inside the inside edge of the track at any point, the athlete (or team) shall be disqualified.</p>			
--	--	--	---	--	--	--	--

			<p>return to the track without seeking or gaining any advantage.</p> <p>Where a race is started in lanes and then continues not using separate lanes, Rules 17.3 and 17.4 of the Technical Rules apply accordingly to each such part of the race. When determining whether the exception in 17.4.3 applies in cases where some part of the shoe / foot is also to the left of the line, there is a requirement for at least some part of the outline of athlete's shoe / foot to be touching the line, i.e. some contact with the line (depicted by the outline of the relevant part of the shoe or foot) is required for this exception to apply. If this is not the case, then the exception does not apply.</p> <p>...</p>	<p>This Note Rule 17.4 specifically outlaws the practice of an athlete seeking to improve their position in races by moving onto the inside of the track (whether intentionally or after being pushed or jostled there by another athlete) to get out of a boxed position by running on the inside until clear. Whilst normally running on the inside of lane 1 in the straight (as distinct from doing so on the bend) would not lead to mandatory disqualification, the Referee has the power to disqualify in their discretion if this occurs and the athlete is advantaged even if the initial reason for being there was the result of being pushed or jostled. In such cases the athlete should take immediate steps to return to the track without seeking or gaining any advantage.</p> <p>Where a race is started in lanes and then continues not using separate lanes, Rules 17.32 and 17.43 of the Technical Rules apply accordingly to each such part of the race. Therefore, only one infringement according to Rules 17.3.3 or 17.3.4 is allowed. A second infringement in the same race will result in disqualification. When determining whether the exception in 17.43.3 applies in cases where some part of the shoe / foot is also to the left of the line, there is a requirement for at least some part of the outline of athlete's shoe / foot to be touching the line, i.e. some contact</p>

	TR24.7		Amend and add green	24.7 The baton shall be passed within the takeover zone. The passing of the baton commences when it is first touched by the receiving athlete and is completed the moment it is in the hand of only the receiving athlete. In relation to the takeover zone, it is only the position of the baton which is decisive. Passing of the baton outside the takeover zone shall result in disqualification.	24.7 The baton shall be passed within the takeover zone. The passing of the baton commences when it is first touched by the receiving athlete and is completed the moment it is in the hand of only the receiving athlete. In relation to the takeover zone, it is only the position of the baton which is decisive. Passing of the baton outside the takeover zone shall result in disqualification. Rule 17.3.2 of the Technical Rules shall apply when relevant. The application of Rule 17.3.2 of the Technical Rules may be necessary when an athlete, during the takeover, steps outside the allocated lane inside the takeover zone without material advantage gained and other athletes obstructed. In determining the position of the baton, it is the whole baton which must be considered.	To make it clear that Rule 17.3.2 (former 17.4.2) should be applied to applicable cases in relay takeover zones.		

					Umpires must be diligent to ensure that they observe any contact with the baton prior to the baton entering the change-takeover zone. If the outgoing runner even touches the baton prior to the baton being inside the zone, the team will be subject to disqualification. They must also ensure that the baton is only in the hand of the receiving athlete before it “leaves” the takeover zone.			
	TR24.8		Amend	...Rules 17.3 and 17.4 of the Technical Rules shall not apply to these athletes. 	TR32.12.2		Amend	32.12.2 In the Javelin Throw, the landing sector shall be marked with white lines 50mm wide such that the inner edge of the lines, if extended, would pass through the two intersections of the inner edges of the arc, and the parallel lines marking the runway and intersect at the centre of the circle of which the arc is part (see Figure (e) TR32). The sector angle is thus 28.96°.	32.12.2 In the Javelin Throw, the landing sector shall be marked with white lines 50mm wide such that the inner edge of the lines, if extended, would pass through the two intersections of the inner edges of the arc, and the parallel lines marking the runway, and intersect at the centre of the circle of which the arc is part (see Figure (e) TR32). The sector angle is thus 28.96°.	To make it clear.		Editorial
	TR32.14.2		Amend and add to note	32.14 It shall be a failure if an athlete in the course of a trial: ... 32.14.2 after they have stepped into the circle and begun to make a throw, touches with any part of their body the top (or the top inside edge) of the rim or the ground outside the circle; <i>Note: However, it will not be considered a failure if the touch is made without providing any propulsion and occurs during any first rotation at a point completely behind the white line which is drawn outside the circle running, theoretically, through the centre of the circle.</i> ...	32.14 It shall be a failure if an athlete in the course of a trial: ... 32.14.2 after they have stepped into the circle and begun to make a throw, touches with any part of their body the top (or the top inside edge) of the rim or the ground outside the circle; <i>Note: However, it will not be considered a failure if the touch is made without providing any propulsion and occurs during any first rotation at a point completely behind the white line which is drawn outside the circle running, theoretically, through the centre of the circle. Nor will it be considered a failure at any time, if the touch, including of the top of the stopboard, or, in the case of Javelin Throw, the throwing arc or lines marking the runway, is made by a loose part of the shoe (e.g. shoelace) or clothing, or if the touch is made by any other item (e.g. cap) which was attached to the</i>	To remove the subjective element from the rule and to make an important clarification according to long-standing practice.		To be in force from 14 August 2023

					<i>body at the time of the start of throw and became detached during or after the throw.</i> ...			
	TR32.14 green		Amend	... The addition of the Note to Rule 32.14.2 of the Technical Rules applies to rotational techniques used by athletes in Shot Put, Discus Throw or Hammer Throw. It should be interpreted that any “incidental” touch of the top of the rim or the ground outside in respect of the back half of the circle during the first rotation should not, of itself, be regarded as a failure. However it is clear that any technique which thereby obtains an advantage through leverage or propulsion would constitute a failure. The addition of the Note to Rule 32.14.2 of the Technical Rules about the first rotation applies to rotational techniques used by athletes in Shot Put, Discus Throw or Hammer Throw. It should be interpreted that any “incidental” touch of the top of the rim or the ground outside in respect of the back half of the circle during the first rotation should not, of itself, be regarded as a failure. However, it is clear that any technique which thereby obtains an advantage through leverage or propulsion would constitute a failure. The other addition confirms that the intent of Rule 32.14.2 is to respect the purpose of the circle’s or runway’s limits so that the athlete complies by remaining in the circle or runway until they exit correctly. It is, unless they overbalance, only the position of their feet / shoes which is critical. It is not relevant, if the top of the iron-band rim or, in the case of Javelin Throw, the throwing arc or lines marking the runway, the ground outside or the top of the stopboard is touched by a loose shoelace or the like or for example a cap or piece of jewellery falling from the athlete’s body during the trial.	Consequential to the TR32.14.2 Note amendment.		To be in force from 14 August 2023

				...			
	TR32.16		Amend	32.16 It shall be a failure if the shot, the discus, the hammer head or the head of the javelin in contacting the ground when it first lands touches the sector line or the ground or any object (other than the cage as provided in the Note to Rule 32.14 of the Technical Rules) outside the sector line.	32.16 It shall be a failure if the shot, the discus, the hammer head or the head of the javelin in contacting the ground when it first lands touches the sector line or the ground or any object (other than the cage as provided in the Note (ii) to Rule 32.14 of the Technical Rules) outside the sector line.	There are two Notes to Rule 32.14.	Editorial
	TR33	Shot Put					
	TR33.2		Amend	33.2 The stop board shall be white and made of wood or other suitable material in the shape of an arc so that the inner surface aligns with the inner edge of the rim of the circle and is perpendicular to the surface of the circle. It shall be placed so that its centre coincides with the centre line of the landing sector (see Figure TR33), and shall be firmly fixed to the ground or to the concrete surrounding the circle. <i>Note: Stop boards to the 1983/84 World Athletics specifications remain acceptable.</i>	33.2 The stop board shall be white and made of wood or other suitable material in the shape of an arc so that the inner surface aligns with the inner edge of the rim of the circle and is perpendicular to the surface of the circle. It shall be placed so that its centre coincides with the centre line of the landing sector (see Figure TR33), (a) TR32 and shall be firmly fixed to the ground or to the concrete surrounding the circle. <i>Note: Stop boards to the 1983/84 World Athletics specifications remain acceptable.</i>	More correct reference.	Editorial
	TR33.4		Add	Shot 33.4 The shot shall be of solid iron, brass or any metal not softer than brass, or a shell of such metal filled with lead or other solid material. It shall be spherical in shape and its surface finish shall be smooth.	Shot 33.4 The shot shall be of solid iron, brass or any metal not softer than brass, or a shell of such metal filled with lead or other solid material. 					this shall be inserted in such manner that it is immovable and complies with the requirement for the centre of gravity as defined in Rule 36.5 of the Technical Rules.			
	TR34	Discus Throw						
	TR34.1		Add	34.1 The body of the discus may be solid or hollow and shall be made of wood, or other suitable material, with a metal rim, the edge of which shall be circular. The cross section of the edge shall be rounded in a true circle having a radius of approximately 6mm. There may be circular plates set flush into the centre of the sides. Alternatively, the discus may be made without metal plates, provided that the equivalent area is flat and the measurements and total weight of the implement correspond to the specifications.	34.1 The body of the discus may be solid or hollow and shall be made of wood, or other suitable material, with a metal rim, the edge of which shall be circular. The cross section of the edge shall be rounded in a true circle having a radius of approximately 6mm. There may be circular plates set flush into the centre of the sides. The plates shall be tightly fixed and not able to be rotated. Alternatively, the discus may be made without metal plates, provided that the equivalent area is flat and the measurements and total weight of the implement correspond to the specifications. There shall be no loose parts.	To better describe construction. [WS: same should apply to shot (TR33.4) and hammer (TR36.5)]		
	TR35	Discus Cage						
	TR35.4 and TR37.5		Add	35.4 The netting for the cage can be made from suitable natural or synthetic fibre cord or, alternatively, from mild or high tensile steel wire. The maximum mesh size shall be 45mm for cord netting and 50mm for steel wire.	35.4 The netting for the cage can be made from suitable natural or synthetic fibre cord or, alternatively, from mild or high tensile steel wire. The maximum mesh size shall be 45mm for cord netting and 50mm for steel wire. The measurement of the mesh cord centres shall be a maximum of 45mm for cord netting and 50mm for steel	To clarify.		

					wire netting.			
	TR36	Hammer Throw						
	TR36.5		Add	Hammer ... 36.5 The head shall be of solid iron, brass or other metal not softer than brass or a shell of such metal filled with lead or other solid material. ...	Hammer ... 36.5 The head shall be of solid iron, brass or other metal not softer than brass or a shell of such metal filled with lead or other solid material. There shall be no loose parts. ...	To better describe construction. (Same as in 34.1.)		Remove!
	TR36.6		Add	36.6 The wire shall be a single unbroken and straight length of spring steel wire not less than 3mm in diameter and shall be such that it cannot stretch appreciably while the hammer is being thrown. The wire may be looped at one or both ends as a means of attachment. The wire shall be connected to the head by means of a swivel, which may be either plain or ball bearing.	36.6 The wire shall be a single unbroken and straight length of spring steel wire not less than 3mm in diameter and shall be such that it cannot stretch appreciably while the hammer is being thrown. The wire may be looped at one or both ends as a means of attachment. The wire shall be connected to the head by means of a swivel, which may be either plain or ball bearing. Note: A small section of clear vinyl tubing 50mm long with an internal diameter of 5mm may be placed over the twisted ends of the hammer wire.	To secure the hammer wire with a small section of clear vinyl tubing attached to both ends of the twisted sections to protect the twisted wire from causing injury or damage to the cage netting. It also prevents athletes adding weight to the hammer under the wire wrapping.		
	TR37	Hammer Cage						
	TR37.3		Add Note (ii)	... Provisions should be made in the design and construction of the cage to prevent a hammer forcing its way through any joints in the cage or the netting or underneath the netting panels or draped	... Provisions should be made in the design and construction of the cage to prevent a hammer forcing its way through any joints in the cage or the netting or underneath the netting panels or draped	To clarify. Many manufacturers still seem wedded to the earlier cage configuration which seemed to indicate that ten posts were required to		

				netting. <i>Note: The arrangement of the rear panels / netting is not important provided the netting is a minimum of 3.50m away from the centre of the circle.</i>	netting. <i>Note (i): The arrangement of the rear panels / netting is not important provided the netting is a minimum of 3.50m away from the centre of the circle.</i> <i>Note (ii) Any number of posts may be used to support the netting in the position shown in Figures TR 37.</i>	support the netting to cage configuration exactly.		
	TR38	Javelin Throw						
	TR38.7		Add new Note		<i>Note: The metal head up to 3mm from the tip may be disregarded for the angle of the point, when the construction of the tip is made with safety measures implemented.</i>	To reflect the realistic procedure taken when certifying a javelin. In reality, the shape of the small front end of the tip is disregarded when determining the angle of the tip during a certification process for the javelin implement (the small front end of the tip is not 40 degrees in angle).		
	TR38.9		Delete	38.9 The cross-section shall be regularly circular throughout (see Note (i)). The maximum diameter of the shaft shall be immediately in front of the grip. The central portion of the shaft, including the part under the grip, may be cylindrical or slightly tapered towards the rear but in no case may the reduction in diameter, from immediately in front of the grip to immediately behind, exceed 0.25mm. From the grip,	38.9 The cross-section shall be regularly circular throughout (see Note (i)). The maximum diameter of the shaft shall be immediately in front of the grip. The central portion of the shaft, including the part under the grip, may be cylindrical or slightly tapered towards the rear but in no case may the reduction in diameter, from immediately in front of the grip to immediately behind, exceed 0.25mm. From the grip,	Delete this specification.	This point on the javelin is not usually checked as it is not in the table in TR38.10 nor in the table at Figure TR38. It is quite close to D5 which is measured. The general longitudinal profile requirement would still apply but without the exception for	

				the javelin shall taper regularly to the tip at the front and the tail at the rear. The longitudinal profile from the grip to the front tip and to the tail shall be straight or slightly convex (see Note (ii)), and there shall be no abrupt alteration in the overall diameter, except immediately behind the head and at the front and rear of the grip, throughout the length of the javelin. At the rear of the head, the reduction in the diameter may not exceed 2.5mm and this departure from the longitudinal profile requirement may not extend more than 0.3m behind the head.	the javelin shall taper regularly to the tip at the front and the tail at the rear. The longitudinal profile from the grip to the front tip and to the tail shall be straight or slightly convex (see Note (ii)), and there shall be no abrupt alteration in the overall diameter, except immediately behind the head and at the front and rear of the grip, throughout the length of the javelin. At the rear of the head, the reduction in the diameter may not exceed 2.5mm and this departure from the longitudinal profile requirement may not extend more than 0.3m behind the head.	this 0.3m part which is difficult to interpret.		
	TR38.10		Amend table	700g L0: 2300–2400mm L1: 860–1000mm L2: 1300–1540mm L3: 250–330mm L4: 150–160mm D0: 23–28mm	700g L0: 2300 –2400- 2500 mm L1: 860–1000 850-990 mm L2: 1300–1540 1410-1650 mm L3: 250–330mm L4: 150–160mm D0: 23–28mm	By moving the CoG forward and at the same time moving the CoP backwards (more area behind the CoG) it will make the javelin land tip first much more probable. The relation between 800g, 700g and 600 g will also be linear. CoP = centre of pressure Spring 2023, Nordic Sport to fabricate test javelins to be tested by Swedish, Finish and Taipei throwers both medium throwers and world class throwers. Testing will take place during spring and summer 2023 with a final report to be submitted to WA in October 2023. The report		To be in force from 1 April 2025

						will have comments from throwers, coaches, and also technical officials. The javelin will be used in competitions in the end of the season. The rule can be changed at the earliest in 2025. The records must be cleared, and all javelins need to be replaced. We propose that all manufacturers get a heads up as early as possible so they can start production in time.		
	Figure TR38		Amend note	<i>Note: All measurements of diameters must be to at least 0.1 mm.</i>	<i>Note: All measurements of diameters must be to at least made with an uncertainty of not more than 0.1 mm.</i>	“At least” implies <i>not less than</i> , meaning literally that the measurements are to be made to an accuracy which is equal to or bigger than 0.1mm. (1mm for example – or even 10mm – would satisfy this loosely worded requirement.) The proposed amendment tightens the wording to convey what was almost certainly the originally intended meaning.
